In accordance with the Maryland Higher Education Commission policy for “**Articulation and Transfer of Credits between Degree-granting Institutions and Maryland Secondary School**” (approved in February 1997), Wor-Wic Community College and the Board of Education for Somerset County Public Schools have entered into an Articulation and Transfer Agreement for academic year 2024-2025.

The Articulation and Transfer Agreement is centered on the principle that students who have received formal instruction at an accredited Maryland secondary institution and acquired competencies in courses/courses-of-study, which are equivalent to college/university parallel courses, should not be required to repeat instruction in those subjects upon enrollment at a Maryland degree-granting institution. The purpose of the Articulation Agreement is to eliminate unnecessary duplication of instruction and provide seamless articulated coursework and education programs from high school to the community college.

Specific provisions of the 2024-2025 Somerset County Public Schools Articulation and Transfer Agreement are listed on the following pages.
