

## Wireless Access—Student / Public

Wor-Wic Community College provides free Wi-Fi access across the campus to students and the public. To access wireless from any laptop, tablet or smartphone with internet access, do the following:

- Choose **Wor-Wic Public** wireless network from your device's wireless menu.
- Open a web browser and you will be requested to type in your email address in the Guest User box. Review our Acceptable Use Policy. Enter your email address.
- Click Log In and you will be connected.

**Please enter your e-mail address and accept the following to access the Internet:**

**Wor-Wic Community College Acceptable Use Policy**  
The college provides access to computer resources necessary to support the educational mission of the college. Access to college computer systems is granted as a privilege, and as such, imposes certain responsibilities and obligations. By using the college's computing resources, users agree to abide by these policies and procedures. Disciplinary sanctions for violations range from the loss of computer use privileges, dismissal from the college and/or legal action, depending on the nature of the violation. Specific information about violations and sanctions can be found in the appendix of the college catalog, located on the web at <http://www.worwic.edu/Academics/Catalog.aspx>.

This network is not encrypted. Unless you use appropriate encryption technology this network should not be used to transmit sensitive information.  
The Wor-Wic Community College wireless network is monitored to protect against unauthorized use. In the event of a violation of the established conditions for using this network, Wor-Wic Community College will seek the appropriate adverse action in response to the violation.
